POLICE DEPARTMENT REPORT

ACTIVITY 1983

Motor Vehicle Accidents	14	District Court Appearances	9
Domestic Complaints	16	Juvenile Court	4
Dog Complaints	29	Attempted House Break	1
Attempted Arson		B & E	4
-		A minimal dollar amount take	en in these
		breaks.	

In the past year 1983, 151 hours were spent on patrol. This includes checking property for breaks and vandalism and also time spent running radar. Numerous citations were issued for various traffic violations as well as other items. The hand held Radar unit continues to be a very useful tool for the department. For the most part, vehicles operate within the guidelines set by the department. Word gets around fast in regards to its operation. Since RSA 159:6 was adopted in regards to Pistol/Revolver License fees being retained and used by the department, 43 @ \$4.00 have been issued for a total of \$172.00. This money will be used to defray the cost of the Radar unit. This officer was called to the scene of four untimely deaths to officiate in the removal. Please keep dogs restrained. Fish and Game officers do not appreciate shooting someone's pet that is in the act of chasing deer. Check your Pistol/Revolver Licenses for expiration.

Respectfully submitted, JOHN H. MacDONALD, Chief

JOSEPH PATCH LIBRARY

Total circulation for 1983 was 3,690, an increase over the previous year of nearly 400 or almost 12%. Most popular were adult fiction (1,527), children's fiction (711), and magazines (763), with non-fiction and audio-visual material accounting for the balance.

During the year 137 books were purchased and another 43 donated for a total of 180 acquisitions which include the children's books purchased through the Henry Bixby fund. The library currently subscribes to 28 magazines of which 3 are for children. The library continues to exchange books at the Northern Regional office of the New Hampshire State Library at Twin Mountain. The State Library also handles special requests.

Thanks to private donors and contributors to two lotteries, work is now in progress on the library basement. When the project is completed, it will add

badly needed shelf and floor space to library facilities.

Personnel changes during the year have included the resignation of Peggy Horton after 15 months of cordial and able service, the appointment of Constance Leighton as her successor in October, and the addition of Emily Evans as trustee, replacing Richard Pike.

Your library is an impressive asset of this community, one in which all residents can take pride. We urge everyone to take advantage of this valuable resource

REPORT OF MOUNT MOOSELAUKEE HEALTH CENTER

1983 was a year of growth for the Health Center. We were most fortunate when Vona Lorenzana came to be our physician in July 1982. Since her arrival, the practice has increased, finances are healthier and "Dr. Vona" has come to be loved and respected by her many patients. Use of the Center has increased from 1434 encounters in 1982 to 2762 in 1983. Of the 879 people using the Center in 1983, 294 had never been in before. Income from Center users has increased from \$19,338 in 1982 to \$35,271 in 1983.

As usage has gone up, so have expenses. A slight increase in staff hours has given the Center a part-time bookkeeper and, most recently, a nurse. Equipment, medical and office supplies and lab costs have all risen. Office renovations were necessary to accommodate the extra activity. The Board of Trustees is pleased to report there has been little increase in building maintenance costs. Thus the request for town appropriations remains the same.

Important services during the past year include the well child, WIC, immunization & blood pressure clinics and the volunteer and Audrey Prouty Memorial Car Safety Seat programs. The Well Child Program began in July, 1982, funded by a grant from the New Hampshire Department of Maternal and Child Health. At that time there were five children enrolled. Today over 130 children have been served, many attending several clinics. We would never have been able to serve so many families were it not for our dedicated volunteers. In 1983 over 40 volunteers spent many hours assisting at these programs as well as joining with the M.M.H.C. Auxiliary to raise funds to purchase an EKG machine.

Dr. Lorenzana will leave the area in July 1984 to pursue her medical career. Much as she will be missed, we look forward to welcoming Dr. William Hernandez, his wife and twin sons to the community. Dr. Hernandez will have completed a family practice residency in Hartford, Connecticut and comes to the Health Center, at least for the immediate future, with a salary from the National Health Service Corps. Federal funding is always uncertain. It is the hope of the Trustees that his practice will flourish and that Dr. Hernandez will eventually be able to remain at Mt. Mooselaukee Health Center in private practice.

REPORT OF THE GRAFTON COUNTY COMMISSIONERS

We appreciate this opportunity to more directly communicate with our taxpaying citizens through their annual town/city reports.

Because of our July 1st fiscal year, it is hard to anticipate the local tax impact of the county budget. The Commissioners are accountable to the public and taxpayers, and accordingly are extremely conscious of meeting the citizens' needs adequately and efficiently, yet as economically as possible. However, we are faced with similar budgeting dilemmas as towns and cities. Real budget concerns are created by the federal and state mandated programs and services without supporting funds or local control, and the increased demand for services while attempting to hold down budgets and taxes. We all must maintain a close relationship with our legislators. The Commissioners are following very closely the pending legislation regarding settlement and assistance programs, and hope that the towns are also involved in this very important issue.

Courtroom #2 was finished last summer and was dedicated during the opening of the fall term of Superior Court on September 13, 1983. We anticipate having a second judge in March, which should relieve the backlog and reduce the need for masters.

Counties, as well as towns, are experiencing the transition of the courts into the new State Unified Court System, and should notice a decrease in local expenses for the judicial system. However, the counties will have to "reimburse" \$2.75 million to the Unified Court System in fiscal year 1985, which means approximately \$200,000 to Grafton County. We also expect that the counties will retain certain operating expenses such as Probate Court guardianship and appeals costs, Superior Court bailiff costs, and probably will have to provide court space, furnishings and equipment without remuneration.

On Commissioner recommendation, the Delegation Executive Committee appointed a Jail Study Committee to review the needs for the county correctional facility. The National Institute of Corrections made an independent study of the correctional facility at no cost to taxpayers, and issued an encouraging report recommending minor changes, but overall indicating a good facility in general compliance with laws, regulations and meeting needs. Some attention is being given to the need for additional space, especially for "weekend" incarcerations. There was no recommendation for new permanent facility construction at this time.

Grafton County is currently involved in litigation in a retirement buyback issue which could have heavy impact on all local governments in the N.H. Retirement System. Assessment on Grafton County in this one case could run approximately \$70,000 plus legal fees and could result in a serious "domino" effect on local governments.

Grafton County will be going through the budgeting process in May and June, with a public hearing on the Commissioners recommendations expected to be held in mid-June. The hearing will be advertised, and we strongly encourage your attendance at the hearing to voice your opinions and feelings on the budget. We welcome your attendance and comments.

The Commissioners meet Mondays at 9:30 a.m. at the Courthouse and at 12:30 p.m. at the Nursing Home. Meetings are open to the public.

GRAFTON COUNTY COMMISSIONERS:

Dorothy Campion-Corcoran, Chairperson Richard L. Bradley, Vice Chairman Arthur E. Snell, Clerk

NORTH COUNTRY COUNCIL TOWN REPORT

North Country Council is the regional planning and economic development agency for communities in the northern part of the State. Your town is one of forty-three member towns that utilize Council services in community and land use planning, economic development, solid waste, transportation, recreation, and municipal services. The Board of Directors is made up of representatives from every member town.

In Warren, we worked with the Selectmen, neighboring towns, and state agencies to identify and design a site for septage disposal. The site proved to be unacceptable. Lacking a Town decision at this point, we will continue to work with you on other possible solutions.

In regionwide economic development, the Council has devoted time to improving utilities in and access to industrial parks, in lobbying for continued maintenance of regional transportation facilities including rail, highways and airports, and to increased business marketing efforts. Through grant assistance, coordination with State and Federal agencies and data, the staff has assisted local development organizations in four towns which serve as area employment centers.

The Council has provided information and guidance to several towns on the Community Development Block Grant, Urban Development Action Grant, and Farmers Home Administration Programs and prepared several grant applications. The Council is a partner in the Business Assistance to Northern New Hampshire Program, providing demographic data to individuals, businesses, and economic consultants interested in the North Country. This summer, we prepared a Plymouth Area Economic Base Study, to be followed by similar reports on other North Country subregions.

The Council participated in research and marketing efforts to increase the use of the Concord-to-Lincoln rail line and to maintain a schedule for rehabilitation of other regional railroad lines.

Other regional activities of importance include the coordination and establishment of eight solid waste districts. Council staff has assisted towns in developing work plans to assess their waste disposal needs and current methods and develop a 10-year plan. The Council has also surveyed local disposal practices for septage, estimated future needs, and will be recommending alternative disposal arrangements.

In community planning, we have assisted many towns with adopting or amending zoning ordinances, subdivision regulations, site plan review and other local regulations. With the reorganization and slight revision of the state planning and zoning laws, we've been busy trying to keep planning boards informed of the changes and new requirements. A workshop was held in the fall and more are planned for the spring. We also met with over

20 towns to help them review regulations relating to subdivision and building in the floodplain to insure compliance with Federal regulations. The staff successfully assisted communities in applying for funds for recreation and library facilities.

A new NCC service this past year has been computerized tax billing. We provided this service under contract to four towns. We anticipate expanded

municipal and in-house use of the computer.

These are some of the highlights of the past year. We welcome your town's active participation on the Board and use of the Council's services and look forward to working on your behalf in 1984.

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Once again, our cooperative town and state forest fire prevention and control program leads the nation in least acres burned per forest fire. Less than one-half acre per fire statewide average.

At the town level, your Forest Fire Warden is responsible for the prevention and control of all grass and woods fires when the ground is not snow covered.

Forest fire prevention is achieved at the town level by issuing a written permit for every fire that is to be kindled on the ground out of doors when the ground is not covered with snow. Each person wishing to have an outside fire must obtain this written permit from the town Fire Warden before kindling the fire. Any person that does not obtain a fire permit, when one is required, is violating our forest fire permit law and is subject to a court appearance and could be fined up to \$1,000 and receive a jail sentence of up to one year.

No fire permit will be issued between 9:00 a.m. and 5:00 p.m. unless it is raining. The reason for this is twofold: the fire danger increases steadily between 9:00 a.m. and 2:00 p.m., then subsides to a safe level between 2:00 p.m. and 5:00 p.m. This happens because the sun dries out the fine fuels that are easily ignited and dries the air which permits rapid fire spread. Also during this part of the day fire fighters are not readily available in most communities so an escaped fire could burn longer and cause greater damage before being suppressed.

Your cooperation in burning only when conditions are safe is greatly appreciated.

As Smokey says, "Remember, Only You Can Prevent Forest Fires!"

WARREN SCHOOL MEETING - MARCH 5, 1983

Moderator Lyle Moody opened the meeting at 7:36 P.M. with approximately 35 people present. The three school board members, Irving Cushing, Sandra Hair and Robert White were present along with the Assistant Superintendent, Mr. Haskins.

- Art. I Motion made and seconded to accept the reports of Agents, Auditors, Committees or Officers chosen. Motion carried.
- Art. II This article to be taken care of on the regular school ballot on town election day.
- Art. III Motion made by Irving Cushing and seconded to indefinitely postpone any action on this article. Motion carried.
- Art. IV Motion made by Irving Cushing and seconded by Floyd Ray, that the District raise and appropriate the sum of \$272,806.97 for the support of schools, for the salaries of school district officials and agents and for the payment of statutory obligations of said District, and to authorize the application against said appropriations of such sums as are estimated to be received from the State of N.H. together with other income; the School Board to certify to the Selectmen the balance between the estimated revenue and appropriation and the balance to be raised by taxes by the town.

There was a discussion on teachers' salaries, legal fees, per pupil cost, tuition, absenteeism, the truant officer and transportation.

A show of hands was called for with a vote of 24 for the motion and 8 opposed. Motion carried.

Art. V Irving Cushing announced that due to increased demands from his own job that in the best interest of the school and town, he will be resigning from the school board effective March 8, 1983. There was a rising vote of thanks to Irving for his many years of service. A replacement will be voted on Town Meeting Day.

Sandra Hair read a statement to inform the town that there are people in the towns of Warren and Wentworth that would like to form a study group to discuss the pros and cons of combining our grades K-8. It was emphasized that this would be a study group only and any decision would be a vote of the town.

Nelson Kennedy made a resolution to have a study committee. This was seconded by Flora Mauchly. Resolution carried.

Motion was made by Lyle Moody and seconded to adjourn at 8:52 P.M.

Respectfully submitted,

REPORT OF SCHOOL NURSE Warren Village School

The following is a report of the health services for the school year 1982-1983. The health screenings were done in the fall and included heights, weights, vision and hearing tests. Parents received referral slips for those children who needed more complete evaluations.

School physicals for children in grades 3 and 6 were done at the Mt. Moosilauke Health Center.

Cash on Hand June 30, 1983

There were no significant outbreaks of any communicable diseases during the school year.

Respectfully submitted, JANICE CLARK, RN School Nurse

SCHOOL ADMINISTRATIVE UNIT #23 REPORT OF SUPERINTENDENT'S AND ASSISTANT SUPERINTENDENT'S SALARY

Section 5, Chapter 243, Laws of 1953 of the State of New Hampshire requires that school district annual reports show the total amount paid to the superintendent and assistant superintendent.

One-half of the School Administrative Unit expense is prorated among the several school districts of the Unit on the basis of adjusted valuation. One-half is prorated on the basis of average daily membership in the schools for the previous school year ending June 30. The Superintendent of S.A.U. #23 during the 1983-1984 school year will receive a salary of \$39,550.00 prorated among the several school districts. The Assistant Superintendent will receive a salary of \$32,778.00 prorated among the several school districts.

The table below shows the proration of salaries to each school district:

·	Superintendent's Salary
Bath	\$ 1,898.40
Benton	280.80
Haverhill Cooperative	16,290.65
Lincoln-Woodstock Cooperative	14,174.72
Monroe	2,594.48

REPORT OF THE SUPERINTENDENT OF SCHOOLS

I herewith submit my fourteenth annual report of the voters of the Warren School District:

The State of New Hampshire has recently received a tremendous amount of good publicity regarding the issue of being #1 in the nation when comparing SAT scores. Although some of us are extremely pleased, the cynics are having a field day trying to explain away why we shouldn't have been at the head of the class. Maybe we don't have all the money in the world to throw at problems but we get the job done.

Small school districts who do not have a local high school must evaluate their budgets very carefully in that they do not penalize the elementary program to pay for high school tuition. Generally, most voters take a hard look at the total budget and forget to apportion costs to local education as opposed to out-of-town tuition. There must be a reasonable balance between the two. Last year, Warren had the **lowest** per pupil cost in the state.

The Warren School Budget for 1984-85 has increased in total expenditures, the amount of \$47,086.00. In order to bring this total into focus we must indicate that for tuition purposes, this budget account increased a total \$35,200.00 or 74% of the total increase. The major reason for the tuition hike is that more children are being tuitioned and cost per pupil has increased. Listed below are the tuition charges of the area schools:

Oxbow	\$3,450.00
Orford	2,750.00
Thetford	3,290.00
Hanover	3,717.00

Enrollments in the Warren School continue to hold steady and there seems to be no indication that we will be experiencing any decrease in student population in the foreseeable future. As long as our student enrollment continues to stabilize or grow; and tuition costs continue to increase, educational costs in Warren will continue to plague the property owners.

May I take this opportunity to thank the people of Warren, the school board and faculty for their generous support during the past year.

Respectfully submitted, NORMAN H. MULLEN Superintendent of Schools
